I hope you are all enjoying our amazing weather. While many of us don't want to think about school during the summer, summer is the best time to get prepared! Use summer tutoring to:

Prep for PSAT/ACT/SAT and SAT Subject Tests

Get a head start on college planning

Refresh your math skills

(Math skills are especially helpful if you took Geometry this past year and are heading back into Algebra 2 or if you are planning to take AP Calc this fall.)

CHECK YOUR E-MAIL:

You should have received an e-mail asking you to complete a **2012-2013 Tutoring Feedback** survey through SurveyMonkey. This is a three-minute survey to help us gather data about how our tutors are doing, what you think about our company as a whole, and what kind of results you achieved after working with us. This survey is completely anonymous, so please be honest and detailed when possible.

We appreciate all positive and critical feedback!

There will be a **rate increase** beginning September 1st, 2013.

The new hourly tutoring rate will be \$75/hour.

Ferguson Tutoring has so many ways to help guide your family through school, why not take advantage of our family discount?

Receive a **family discount** if you sign up for:

- Tutoring for 2 or more students OR

SAYING GOODBYE:

John Demgen will be leaving us. This fall, John will begin a Master's program in Physics at the University of Minnesota – Duluth. He has been an fabulous tutor for many of our students and we are sad to see him go. We are, however, very excited for him—good luck, John!
